Cabinet Expansion next week

- **21 for Congress, 12 for JD(S)**
- **Cong. - JD(S) share Home Ministry**
- **JD(S) gets Finance**

Bengaluru, June 1 (UNI, KMS &BCT)- Karnataka Chief Minister H.D. Kumaraswamy and Deputy CM Dr. G. Parameshwara met Governor Vajubhai Rudabhai Vala this afternoon in connection with the expansion of the nine-day-old JD(S)-Congress Ministry.

The meeting began at 1.30 pm and sources said that the first group of Ministers are likely to take oath next week. However, the exact dates will be announced after consulting the Governor's Office. Coalition sources told *Star of Mysore* that both Kumaraswamy and Parameshwara will hold a joint press conference in Bengaluru at 4.30 pm today.

Before meeting the Governor, the CM told reporters at his

Kumaraswamy Parameshwara

Padmanabhanagar residence that he will expand the Cabinet either on June 4 or 6. "The Governor is leaving to New Delhi tomorrow to attend a pre-decided event and I will expand the Cabinet after the Governor returns to Bengaluru," he said.

Kumaraswamy indicated that the impasse over portfolio sharing between the two alliance partners have been finalised. According to the understanding between the coalition partners, Congress would have 21 Ministers and the JD(S) 12. However in the upcoming expansion the full team of Ministers might not be sworn-in, sources in both the parties indicated.

AICC General Secretary (Karnataka in-charge) K.C. Venugopal had air-dashed to Bengaluru yesterday for wrapping up the understanding with the JD(S) after senior Party leaders held discussions with AICC President Rahul Gandhi, currently in the US, through video-conferencing and came to an understanding.

According to Congress sources, the party had acceded to JD(S) demand of retaining Finance portfolio with a truncated Home given to the Congress. The other part of the Home Ministry will be held by the JD(S).

Society's *selfie*

Simply stated, *selfie* is a photograph that one takes by oneself. For the benefit of the small number of smart-phone-illiterate section in the country's head-count, whatever fraction of it is left, "A selfie is a *self-portrait* photograph, typically taken with a smart phone which may be held in the hand or supported by a *selfie-stick*. One is obliged to take off from here, after a brief familiarisation of the menace which is proving to be an agent of death, taking the lives of unwary youth who have fallen into its trap, and ponder over the current *image* of society, figuratively *society's selfie*. The country's total headcount, currently estimated at 1.35 billion (135 crore), and counting, doesn't yield to be easily classified under various categories based on their multiplicity of spoken languages, ethnicity, culture characteristics, faiths, castes, creeds, physical features, literacy, economic status, trades and so on. For the sake of this column with its self-sufficing caption, India's society can be classified into two sections, one section eligible to elect its representatives as a right to the various legislative bodies and the remaining section ineligible until crossing the age bar of 18 year. The numerical *strength* of the former section is estimated at about 850 million for now.

The process of choosing their *elected* representatives to be followed by the electorate, as stipulated in the land's Constitution, formally adopted on Jan. 26, 1950 and amended 120 times so far, as familiar to the literati, is marked by limited options. Firstly, the electorate has no say in the choice of contestants decided by their respective political parties, a handicap which cannot be explained in words. Going by their profiles, as already carried by the dailies of all hues, less said about their background, the better. People at large, going to the polling booths to cast their votes, don't seem to have any hard feelings on this matter, barring exceptions.

The land's media has dutifully put across to the avid readers of dailies and viewers of television news channels, graphic portrayal of the machinations of the country's law-makers, making a mockery of the nation's democratic system. The just begun action by the players of Karnataka, making merry in this system, has triggered a few observers of the goings on to express their disenchantment about the conduct of the law-makers in particular and the electorate section of society in general. Once again, the literati section of society prefers to pore over the copiously emerging reports which is read by the literate and missed by the illiterate, making not much difference between the two outcomes.

While the limited space that this column can avail cannot possibly reproduce the views of astute observers of the election process already published by dailies of all hues, one is obliged to quote one such view amply conveying the current feature in these words: "Our democracy needs a tweak to prevent the rot that is creeping into our society." In short, one cannot be faulted for saying that society's selfie portrays a self-shaming society, barring a minor section of the *populace*.

Mountain less than 1 meter hight

Shandong: 'Jingshan', the smallest mountain in China's Shandong Province, and probably the world as it measures only 0.6 meters from ground level to its highest point, and can be conquered with a single step.

Jingshan may not be the most impressive mountain in the world, but as the only mountain in Shouguang district, it is a symbol of the region and one of its most popular tourist attractions. Mentions of the mountain in the district's official records can be traced back over 100 years, including its precise location and dimensions.

According to Zheng Binhai, the former curator of Shouguang Bo Museum, during Mao Zedong's rule someone was tasked with digging around Jingshan to prove that it was not a mountain, but a simple rock. After digging several meters without reaching the underground base, they gave up. In 1958, someone else attempted, but they too failed to find its base, and the seemingly small rock has been recognised as a mountain ever since.

London: Adam Curlykale, after tattooing his entire face – including his eyes – graphite grey and dyeing his facial hair white, the 32-year-old tattoo enthusiast now looks like a real-life negative version of himself.

He has so far covered 90% of his body with tattoos, and doesn't plan on stopping until 99% of his skin has been covered in ink.

"Tattoos allowed me to discover myself again. I became beautiful to myself," Curlykale said. "I design my tattoos because it's my body. Life is so short that I stopped wondering what will happen tomorrow. Life is here and now," he added.

Pay Rs. 49 more for your LPG cylinder

Mysuru, June 1 (UNI)- After the hike in petrol and diesel prices, the cost of Liquefied Petroleum Gas (LPG) was also increased this morning. The price of domestic subsidised cylinder has been increased by Rs. 49 and the price of commercial non-subsidised cylinder has been increased by Rs. 80.

In Mysuru, the subsidised domestic cylinder (14.2 kgs) will cost Rs. 701.50. Earlier it cost Rs. 652.50 per cylinder. The non-subsidised commercial cylinder will now cost Rs. 1,267 instead of the earlier Rs. 1,187, marking an increase of Rs. 80 per cylinder.

The increase in LPG prices comes amid heat over the rising petrol prices across the country. The fuel prices were today reduced marginally for the third day after it remained high for 16 consecutive days. This morning, petrol prices were cut by 6 paise and diesel prices by 5 paise per litre. Earlier in May, the Ministry of Petroleum and Natural Gas had refuted reports of alleged hike in LPG price in the recent months. In a statement, the Ministry had said that there has rather been a fall of around Rs. 100 in the retail selling price of non-subsidised LPG price.

Every household in India is entitled to 12 LPG cylinders per year at a subsidised rate. However, LPG cylinders bought beyond the prescribed number has to be purchased at market prices which are known as non-subsidised LPG rates.

VOICE OF THE READER

Rs. 10 coins still a counterfeit in public eye!

Sir,

The Rs. 10 coin is still valid a tender but there seems to be all-round resistance to acceptance of the coin, particularly with vendors. While none have a reason for non-acceptance of the Rs. 10 coin, some have started believing that it is no longer a valid tender.

Despite the Reserve Bank of India (RBI) reiterating the legal tender of Rs. 10 coins in January 2018, few members of the public and traders are still reluctant to accept the denomination reckoning their genuineness.

This came to my notice when I ran errands from shop to shop to fetch a quarter-litre milk with only a Rs. 10 coin I had in my fitness suit. As many as 11 shop-vendors rejected outright the denomination despite my attempts to edify them about the reiterated notification from RBI in layman's terms.

RBI's notice for Rs. 10 coins states as follows: "It has come to the notice of the Reserve Bank that in certain places there is reluctance on part of traders and members of public to accept Rs. 10 coins due to suspicion about their genuineness. It is clarified that the Reserve Bank puts into circulation, the coins minted by mints, which are under the Government of India. These coins have distinctive features to reflect various themes of economic, social and cultural values and are introduced from time to time."

While most people accept the refusal without raising their voice, there have been instances of people taking up the issue with the higher authorities in the bank, and such issues have been quietly resolved. The problem in general persists.

I request the Deputy Commissioner of Mysuru to issue an official notification in public interest through various formats of broadcasting media, reiterating the RBI's gazette notification on Rs. 10 coins.

Sir,

Today one salesman at Nandini milk booth refused to accept ten rupee coin saying that the customers are not accepting, and I could try giving the coin to a customer, and also the "people inside." Can't our law-enforcing authorities act strict on this matter? I am not much aware of the legal side of this aspect but the Government of India has minted the coins. Is not refusing to accept the coins illegal?

In Karnataka, specialised Police personnel who man highway patrolling have shown their effective work by immediately reaching accident spots and have rescued many victims. At present, over 133 highly sophisticated and well-equipped highway patrol vehicles with sufficient staff manning them are effectively operating across the State and are making every effort to save the lives of accident victims.

The quick reaction by these patrolling vehicles has been widely appreciated by the public. These teams have contributed in sharp decline of fatalities.

Banned note conversion: Fear of arrest haunt DKS brothers

Bengaluru, June 1 - Barely nine months after the Income Tax Department raided Congress trouble-shooter and Kanakapura MLA D.K. Shivakumar and his brother, Bengaluru Rural MP D.K. Suresh, the CBI yesterday searched their aides in connection with a 2016 case of illegally exchanging Rs. 10 lakh of demonetised currency in Ramanagaram "by fabricating requisition slips".

By late Wednesday evening, CBI managed to procure search warrants against 11 confidants of Shivakumar and Suresh. CBI conducted raids yesterday morning in five locations belonging to four people. One of the prime accused in the case, against whom a search warrant was secured, is Suresh's PA Padmanabaiah.

The CBI has been pursuing the case since 2017 when the demonetisation racket was exposed.

A local Co-operative Bank Manager in Kanakapura in Ramanagaram district is said to have confessed during interrogation that he converted the demonetised notes at the behest of Suresh.

Sources said that the houses of Padmanabaiah, Shivananda, Deputy Tahsildar, Nanjappa incharge of electoral card in SDM office in Kanakapura and Election Cell office in Tahsildar's office were part of the search.

It is alleged that 120 duplicate voter IDs were issued from the Tahsildar's office without any request from voters between Nov. 10 and 11, 2016, which were used to exchange the notes. Demonetisation was announced on Nov. 8, 2016 and banks remained closed on Nov. 9.

These voter IDs were submitted in the bank by Padmanabaiah to exchange Rs. 10 lakh worth of demonetised notes, the CBI alleged. These voter cards were printed by misusing the login id, hologram and facsimile stamp of the Tahsildar, the CBI alleged.

Just minutes before the raid, Shivakumar and Suresh convened a joint press conference at their Bengaluru home yesterday to allege that the search warrants had been executed and their names dragged at the behest of the Central Government and BJP.

"Just because we are from the Opposition Party and against the BJP ideology, the Centre has been harassing us, our families and our supporters. If they think they can silence us in political circles by framing false charges, they are living in a dream world," said Shivakumar.

MLC polls: All 11 candidates likely to be elected unopposed

Bengaluru, June 1- All the eleven candidates from the Congress, the BJP and the JD(S), who filed their nomination papers for the biennial election to the Legislative Council from the Legislative Assembly on Thursday are likely to be elected unopposed, with only those candidates who were officially announced by the parties, filing nominations. As Thursday was the last day for filing nomination, all of them are set to be elected unopposed.

The scrutiny of nomination papers will take place today, following which an official announcement is likely to be made. The BJP renominated Raghunath Rao Malikpure and fielded former MP and party spokesperson Tejaswini Gowda, Rudre Gowda from Shivamogga, who made way for senior BJP leader K.S. Eshwarappa in the Assembly polls, K.P. Nanjundi, a prominent leader of Vishwakarma community and N. Ravi Kumar, party General Secretary.

The Congress renominated C.M. Ibrahim and K. Govindaraj and fielded Arvind Kumar Arali of Bidar and K. Harish Kumar of Dakshina Kannada. Though the BJP and Congress announced their list of candidates on Wednesday, the JD(S) in a last minute decision on Thursday, decided to field party General Secretary B.M. Farookh and former Legislator S.L. Dharmegowda from Chikkamagalur district. The elections were necessitated as the term of 11 members will end on June 17.

Alleged harassment by daughter-in-law

Man commits suicide after writing death note on road

Mariswamy

Mandya, June 1 (KS)- A man, depressed over the harassment meted out by his daughter-in-law, committed suicide by hanging self to a tree after writing the reason for his death on the road in Kiragasoru village in Malavalli taluk yesterday.

The deceased is Mariswamy (60), of Kiragasoru village.

Mariswamy's son Shivaraju had married advocate Hema of Bengaluru about four years ago, but Hema, who did not lead a family life with Shivaraju even for a month, left her husband's house after a fight and began to stay with her parents. As Hema did not return from her parents' house even after four years, Mariswamy got his son married again, it is learnt.

Meanwhile, Hema, who learnt about the second marriage, came to the village, questioned Mariswamy about getting his son married for the second time without obtaining divorce and allegedly demanded Rs. 15 lakh as compensation. Hema is said to have threatened Mariswamy of sending him to jail.

On Wednesday, Hema, who came to the village along with some of her relatives, fought with her husband and father-in-law for money and left the place. Depressed over this, Mariswamy went to Belakawadi Police Station to file a complaint against Hema, but the Police, who did not receive the complaint sent Mariswamy back, it is learnt.

Depressed over the indifferent attitude of his daughter-in-law and the Police, Mariswamy, yesterday wrote a death note on the road in the village accusing his daughter-in-law and her relatives responsible for his death and to bring MLA Annadani to the village and provide justice.

He then kept the Police complaint which he had brought to give the Police, little money and offered puja by applying kumkum and turmeric to the complaint and hung himself to the tree nearby. Passers-by, who saw Mariswamy hanging from the tree, informed the Police.

Hospital refuses to hand over body, asks family members to clear bill first

Bhavya

Mandya, June 1 (KS)- A girl who had attempted suicide by consuming poison on May 26 and admitted to Sanjo Hospital in Mandya, breathed her last yesterday as she failed to respond to treatment.

The deceased girl has been identified as Bhavya (19), daughter of Manchegowda and a resident of Lakshmegowdanadoddi in Maddur taluk. Bhavya was pursuing her para-medical course at MIMS in Mandya.

Meanwhile, tension prevailed in the hospital yesterday after the hospital administration refused to hand over the girl's body until the family members cleared the hospital bill, which resulted in villagers barging into the hospital and demanding the body.

The girl's parents and the villagers alleged that the hospital administration was keen on getting their money and were unnecessarily delaying in sending the body for post-mortem. They then staged a protest at the hospital.

They alleged that Bhavya had died on May 30 evening and the hospital administration had kept the body without informing about the death, to make money.

Meanwhile, wordy duel ensued between the villagers and the hospital staff resulting in the villagers and the hospital staff heckling each other.

Meanwhile, K.M. Doddi Police, who rushed to the hospital on learning about the commotion there, tried to pacify the crowd but in vain. Later, Mandya Dy.SP Gangadhar along with tight Police security shifted the body of Bhavya to MIMS Hospital for post-mortem.

K.M. Doddi Police, who have registered a case in this regard are investigating.

Bakery employee assaulted by youth

for asking payment for pastries he consumed

Incident took place in front of Yelwal Police Station

Mysuru, June 1 (RK&KS)- A bakery employee was assaulted by a youth for asking money for the pastries he had consumed on May 29 night.

The incident took place at Bake and Joy Bakery at the KSRTC Bus Stand in front Yelwal Police Station.

While the assaulted bakery employee is Nazir Ahmed, the youth, who assaulted him is Santosh, an autorickshaw driver.

Santosh not only assaulted Nazir but also vandalised the bakery by breaking flower pots, furniture and glass panes of showcases.

On Tuesday night at about 10.15 pm, Santosh, who came to the bakery, ate bun, biscuits, and cake. But when Nazir asked for the payment, Santosh threatened him by saying "Do you know who I am? How dare you ask me for money? I will destroy your bakery," according to the complaint lodged by Mustafa, owner the bakery.

But when Nazir insisted on payment, Santosh, in a fit of rage, picked up the flower pots and broke it besides assaulting Nazir. Santosh then threatened the bakery staff by saying that they cannot run the shop if they go against him and left the bakery without making the payment, the complaint stated.

Meanwhile, Mysore Hotel Owners Association President C. Narayanagowda and office-bearers, who visited the bakery yesterday morning, collected information from the bakery owner and staff and later lodged a complaint at Yelwal Police Station.

Meanwhile, the Yelwal Police, who did not realise the seriousness of the incident despite it taking place right in front of the Police Station, registered a case yesterday morning under Sections 504, 506, 324 and 427, following instructions from the higher officials and have launched a hunt to nab the absconding accused.

MCC Wards undergo delimitation

Delimitation done based on Mysuru city's population, with each Ward having a population ranging from 12,000 to 14,000

By M.B. Pavan Murthy

Mysuru, June 1- The Government has issued the final notification delimiting all the 65 MCC Wards in the city, following which the Mysuru City Corporations (MCC) is busy with the process involved, which include Ward mapping and documentation, voter list revision etc.,

The Urban Development Department, based on the 2011 population census, had issued a notification on Feb.8, 2018 delimiting the MCC Wards.

The Department had given a 15-day deadline for the members of the public to file objections, if any, following which the Department issued final notification on April 23.

After the final notification, the MCC is currently busy with the process involved in the delimitation.

Although there is no change in the number of Wards, there has been a drastic change in the numbering of Wards and accordingly, Hebbal Lakshmi Kanthnagar has been numbered as Ward No.1 and Sirampura, the last Ward at No.65.

Mysuru City Corporation (MCC) Commissioner K.H. Jagadeesh said that following delimitation, electoral rolls revision, Ward mapping etc., is going on now. Pointing out that Geo-mapping technology is being used for easy Ward location, he said that all the steps involved in the delimitation process will be done simultaneously. The MCC will invite objections once the electoral rolls revision work is completed, he said and added that everything is being done in a careful manner to ensure a discrepancy-free process.

K.H. Jagadeesh

The delimitation has been done keeping in mind the city's population, with each Ward having a population ranging from 12,000 to 14,000. As there has been a drastic change in delimitation, the Corporators have to get first-hand information on the Geography of the Ward before contesting again.

With the current term of the MCC coming to an end in September this year, the Election Commission will hold elections as per the new Ward delimitation. However, the Government is yet to announce the reservation matrix and once it is done, political activities in every Ward will gain momentum with the MCC polls just a few months away.

As there was disparity in the population among MCC Wards, the previous MCC Commissioner G. Jagadeesha undertook delimitation of the Wards to maintain a balance in population figures in every Ward.

MCC Corporator B.L. Bhyrappa, who is also a former Mayor, reacting to the delimitation, claimed that certain MUDA Layouts and as well as MUDA-approved layouts, totally numbering 62, have been excluded from delimitation.

Maintaining that the MUDA had handed over these 62 Layout to the MCC some time ago, Bhyrappa opined that the inclusion of all these Layouts will facilitate proper infrastructure development in them. As such, it would be better if the number of Wards are increased from the present 65, he said and appealed the Government for a review of delimitation.

BJP Corporator B.V. Manjunath said that it is but natural to undertake delimitation of Wards once in 10 years but the Congress Government has interfered in delimitation to ensure that it is benefited the most from the delimitation. As there is political interference and discrepancies in delimitation, it is better to have a different look at the exercise and set in motion a fresh delimitation, he said.

Taking strong exception to the numbering of Wards, Manjunath, citing an example, said that the numbering will begin from the Big Clock Tower near the city Palace and accordingly, the numbering (No.1) will commence from the Palace.

But as per the current delimitation, the Ward covering Hebbal-Lakshmikanthanagar has been numbered as MCC Ward No.1, which is ridiculous.

Maintaining that the authorities have no powers to carry out delimitation as per their will, he maintained that although the final notification on delimitation has been published, the numbering of Wards can be changed at the DC's level.

Outbreak of vector-borne diseases

Health Department to launch awareness programmes

Mysuru, June 1 (MTY&DM)- The District Health Department is making all out efforts to sensitise the people on the measures to be taken for preventing the outbreak of vector-borne diseases such as Chikungunya and Dengue.

Addressing an awareness programme at Pathrakartara Bhavan here on Tuesday, District-Vector Borne Diseases Control Officer Dr. S. Chidambara said that intermittent rainfall in the past few days has led to water stagnation in some areas, which has resulted in breeding of mosquitoes.

Pointing out that stagnant water in drains and roads are breeding ground for Aedes mosquitoes which cause vector-borne diseases such as Chikungunya and Dengue, he said that mosquitoes will multiply if rains stop. However, continuous rains will ensure that mosquito larvae are washed away, he said.

Asking the people to ensure that there is no stagnant water in their vicinity, he stressed on the need for taking measures to maintain cleanliness and hygienity in all places.

Pointing out that the Health Department undertook various awareness campaigns marking the National Anti-Dengue Day on May 16, Dr. Chidambara said that the number of suspected Dengue cases has dropped drastically in the past few years due to various measures taken by the District Administration.

Noting that there were three dengue testing labs in the city, he asked the citizens to ensure that no stagnant water is collected at table vase, coconut shells, old tyres, plastic buckets etc., in residential houses, as they are often the breeding ground for disease-causing mosquito larvae.

He also advised the citizens to use mosquito nets, coils, body lotions etc., to keep themselves away from mosquito bites.

Referring to Nipah Virus threat, Dr. Chidambara said that there was no threat of the deadly disease in Mysuru.

Maintaining that the Health Department has taken appropriate measures in the district for preventing any possibility of outbreak of the deadly disease, which has already taken the lives of over a dozen people in neighbouring Kerala, Dr. Chidambara clarified that no Nipah Virus case has been reported from any part of the district so far.

A date with leopards at Bandipur

Tourists and wildlife enthusiasts had a very rare sight at Bandipur on May 31 where they spotted three leopards on a single tree. The elusive feline is not usually seen in groups and the animal is a loner and even while hunting, it is alone. While one leopard was seen eating a deer on top of a tree after it caught the prey using its incredible stealth from the middle of a herd, the other two leopards were perched on the same tree as if they are waiting for the 'master' to finish his share so that they can have a few bites. Leopards are expert tree climbers and their body is built in such a way that it can propel itself into very high places. If a leopard does not bother to hoist its kill into a tree, it risks losing its meal to other predators.

Kumaraswamy and Kennedy

A study in contrast! Also an untold story!!

After the results of the Karnataka Assembly elections were announced on 15th May 2018, we have come a long way, yet we do not see a full-fledged government in place. Yes, this might be due to the "coalition compulsion," a boring, untenable excuse UPA government used to give as justification or reason for its massive Ministerial corruption. No wonder, a National Political Party, Congress, was reduced to a rump with a mere 44 seats in Parliament in the 2014 election. As a result, it did not even qualify to be an official opposition of the House.

Therefore, if a full-fledged government is not formed by Kumaraswamy till today, the reason could be attributed to the evil of **"coalition compulsion." Now the question is, if coalition cannot be under moral principles and with some sanctity, why go for this evil?** Only those who enter into this kind of opportunistic and unholy coalition should answer this question.

Here, I remember the words of Kennedy, President of America, in his inaugural speech. **"Let us never negotiate out of fear. But let us never fear to negotiate."** In the present case, both H.D. Deve Gowda, the JD(S) Supremo and Sonia Gandhi, the UPA Chairperson (in that capacity), seemed to have negotiated this coalition with utter, absolute fear. **Fear of one party and one man. Party BJP, man Modi. Alleluia!**

The exit polls, except for one which predicted required majority for BJP, had forecast a hung Assembly. Apparently, both BJP and Congress must have kept under wraps their Plan A, Plan B and even Plan C in the event of a hung Assembly.

And when the results came, with BJP 104, short of 7 for the magic number, Congress 78 and JD(S) a mere 37, the biggest shock was for BJP, which at one point was leading in 116-117 seats. Of course, in retrospect it was BJP's own undoing. It had fielded dummy candidates in a couple of Constituencies which helped JD(S); denied ticket to a winning candidate in Varuna Constituency

Kumaraswamy

John F. Kennedy

and Modi himself went out of the way to please H.D. Deve Gowda by publicly declaring his respect and admiration for him.

Those who do not learn from the past mistakes are doomed to repeat the same and perish. The 2004 Assembly elections and the events thereafter, following a fractured Assembly like now, did not seem to have taught any lesson to BJP under Amit Shah and Modi. I even wonder if it had taught any lesson to BJP's State President B.S. Yeddyurappa, who was the victim — denied the CM's office under a new coalition by H.D. Kumaraswamy. Earlier, JD(S) has reneged the Congress Chief Minister Dharam Singh after 20 months.

Despite this background, it is curious why BJP High Command was enthused to join hands with JD(S) as a coalition partner. Around midnight of May 15-16, according to my source, Amit Shah had talked to JD(S) President Kumaraswamy proposing a coalition where H.D. Revanna, the latter's brother, would be made the Deputy Chief Minister. So Amit Shah was the first to make the move, a lesson learnt from its Mizoram and Goa experience — speed is the secret of success in love and war and also in Indian politics.

However, a call from Sonia Gandhi to JD(S) Supremo H.D. Deve Gowda early in the morning offering "unconditional" support, nay surrender, to JD(S) to form the coalition changed everything. So it was. As if to pre-empt this coalition, the BJP, with its own Governor in Raj Bhavan, got Yeddyurappa alone sworn-in as Chief Minister in such stinking vulgar haste with the ever-obliging Governor giving the newly-minted Chief Minister 15 days to prove the floor test. Comfortable number of days to do 'horse-trading' and poaching of MLAs happily. Congress got smart, went to the Supreme Court and got it reduced for one day. Rest is history and great victory for the Congress-JD(S) coalition which is struggling to take shape even as I write this.

Will this coalition between these two, who have earlier seen marriages of conveniences, like the present one, and also divorce, last the full 5-year term? At the Centre we have seen how Congress, after giving support from outside, withdrew support under some lame excuse. One reason, I remember, was setting a Police Constable to spy on the House of Rajeev Gandhi! And, if Deve Gowda could remember, he himself was made to resign when that "Old man in a hurry to become the Prime Minister," Sitaram Kesri, the Congress President, pulled the carpet from under the feet of our Deve Gowda.

Thus with this kind of chequered history of coalition between Congress and JD(S), should the people of Karnataka (forget about BJP, no holy Angel either) believe the present government which is still in the labour pain inside the maternity ward?

No Sir. Let this Budget Session, in the middle of this month (June), be over and people of Karnataka will be witness to another round of political *dombarata*, tragic drama.

Remember, Congress which had 122 numbers in Siddharamaiah's government, is reduced to 78, minus 44, while BJP which had only 40 seats in Siddharamaiah's government has this time got 104, plus 64. And consider this: 16 Ministers lost in this election. How can such a Congress have any legitimacy to rule? That too in coalition with JD(S), which is two seats less than its earlier 40 seats, with a history of reneging as with Dharam Singh (2006) of Congress and Yeddyurappa (2008) of BJP.

The public sentiment about Kumaraswamy, otherwise an able and fair-minded administrator, seems that he is like a puppet on a string, nay many strings. **Bible says, you cannot serve two masters — God and Mammon. Sadly, Chief Minister Kumaraswamy has to serve two masters now. Rahul Gandhi at the Centre and JD(S) Supremo H.D. Deve Gowda here in the State.** If these two leaders think the elected MLAs are their stooges and dummies, because they submitted themselves to be holed up, like prisoners, in resorts and 5-Star hotels till Kumaraswamy took oath as Chief Minister, they will soon be in for a shock. Wait till the budget is passed. Don't be surprised if BJP bounces back like India rubber ball!

Many self-respecting (*Swabhimani)* MLAs from both Congress and JD(S) would want to listen to Rabindranath Tagore's poem in *Gitanjali — Where the mind is without fear and the head is held high... Where the mind is led forward by thee into ever-widening thought and action. Into that heaven of freedom, my Father, let my country awake.*

The French Philosopher Voltaire had famously declared about rebirth. He said, "After all, it is no more surprising to be born twice than it is to be born once. Everything in nature is resurrection." Likewise, it will be no more surprising for Yeddyurappa to be sworn-in as Chief Minister for the fourth time than it was to be sworn-in thrice before. After all, there are many decisions taken by the earlier government to be undone which Kumaraswamy may not be able to do with his Big Brother, Congress, breathing down his neck. Thanks to George Orwell.

TAILPIECE: *There is one corner of the universe you can be certain of improving, and that's your own self.*

— Aldous Huxley

Amen.

Prof. Durrani

(Continued from page 1)

Prof. Durrani joined University of Mysore as a Lecturer in English in 1950, immediately after getting his BA (Hons) degree. Except for about three years during which he worked as a Lecturer at Intermediate College, Mandya, Prof. Durrani taught English at the constituent colleges of University of Mysore for 35 years.

He was associated with Yuvaraja's College as a Lecturer and later on as a Reader for a major part of his career (about 25 years). In the year 1983, he was transferred to University Evening College as Professor of English from where he retired in 1988.

During his career as a Lecturer at Yuvaraja's College, Prof. Durrani also served as an NCC Officer apart from producing and directing several English dramas.

After retirement, he joined the Muslim Educational Society, Mysuru, as an Executive Committee member and became the Founder-Principal of MES First Grade College in 1995. He also served as the President of Muslim Educational Society which is catering to the educational needs of the community from nursery to college level.

Cabinet Expansion

(Continued from page 1)

"I, Deve Gowda (JD(S) supremo) and Venugopal will sit together and discuss developments that have happened in Delhi and we will come before public regarding Cabinet formation and portfolio allocation, as also on the co-ordination committee," Kumaraswamy told reporters. Hectic parleys were on between both the parties on Cabinet expansion and portfolio allocation, soon after HDK proved majority on the floor of the Assembly on May 25.

Reports say that the Congress and JD(S) alliance in Karnataka has mutually reached a decision of not sharing the post of CM and Kumaraswamy will complete his five-year term. The alliance is also likely to contest the 2019 elections together.

Mango-Jackfruit Mela begins at Curzon Park

Mysuru, June 1(MTY&DM)- The five-day Mango-Jackfruit Mela organised by the Horticulture Department, began at Curzon Park adjoining Mysore Palace here this morning.

Speaking after inaugurating the Mela, Deputy Commissioner (DC) Abhiram G. Sankar said the Mela provided a perfect platform to growers as well as buyers, because there will be a direct connect between them with no role for middlemen.

Explaining the benefits of the Mela, the DC said that while farmers get the right market price for their produce, the buyers on their part, will get fruits at a reasonable price.

Emphasising on the need for maintaining cleanliness and hygiene during the Mela, he said that the event offers varieties of mangoes and jackfruits for the consumers to make their own choice of tasty fruits.

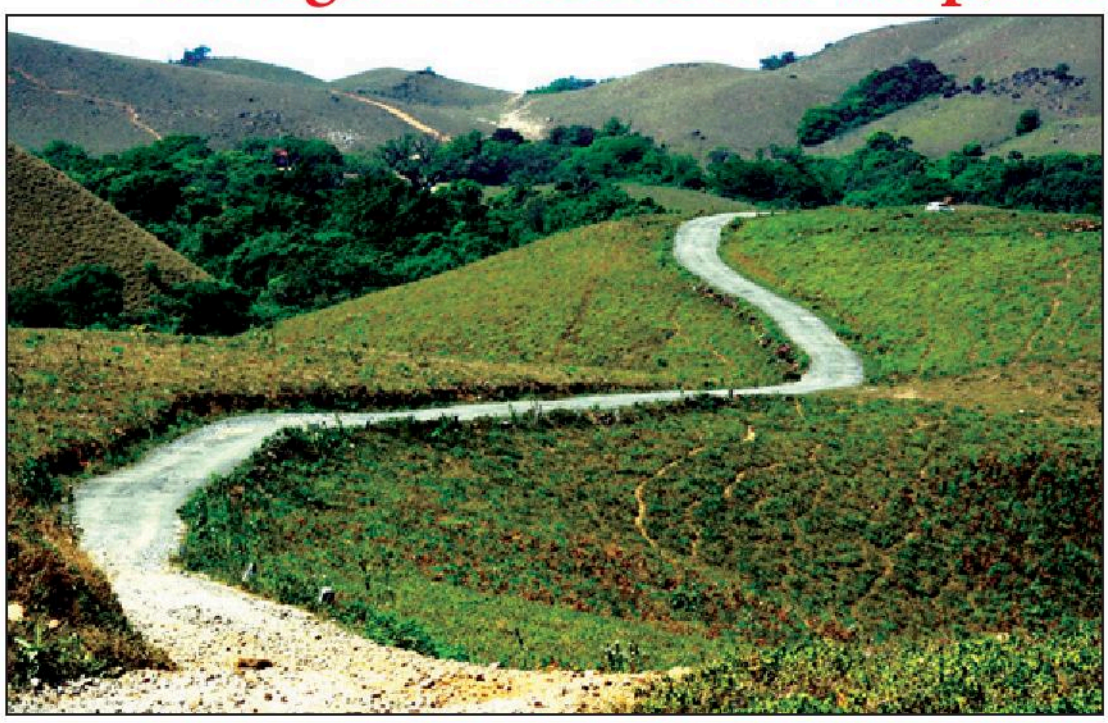
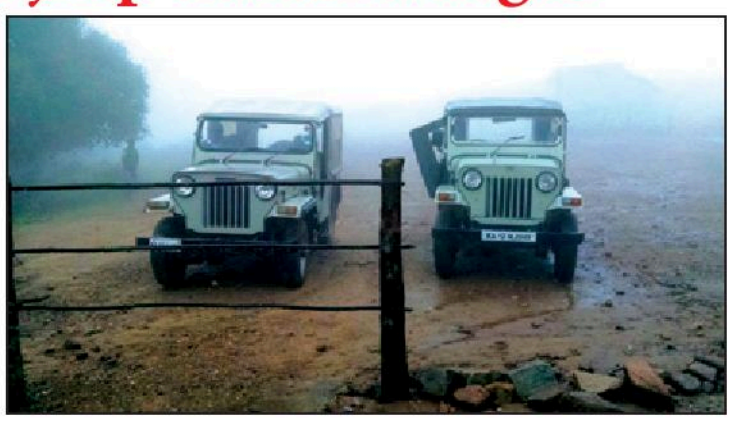
Fleecing of tourists to Mandalapatti

Kodagu DC cracks the whip; fixes jeep rental charges





Madikeri, June 1 (PS&BCT)- Following several complaints of excessive fares levied by vehicle owners from tourists to reach Mandalapatti from Madikeri, the Kodagu District Administration has decided to fix the rental charges and notify the same.

Mandalapatti is one of the most sought after tourist locations in Kodagu district at a distance of around 15 to 17 kilometres from Madikeri. According to villagers, the name Mandalapatti means that the place where 'Heaven meets the Earth' and the tourists who visit the area are spell bound by the serene beauty, accompanied by mist, that the nature embraces in its arms.

Mandalapatti is a part of Pushpagiri Reserve Forest and the place has become a famous four-by-four jeep drive spot to the top. The nearest town to Mandalapatti is Madikeri. From Madikeri, Mandalapatti is around 17 kms and one can drive till the last three kilometres. Tourists are not allowed to drive for the last 3 km because of the restriction put by the Mandalapatti Forest Department.

Tourists are taken from Madikeri to Mandalapatti by private jeep owners and their agents. The last stretch of 3 km jeep drive is like a rope walk across a ravine as it is ridden with few dangers and needs driving expertise to touch the destination.

When the tourist inflow was less, a few enthusiastic jeep drivers used to take the tourists to the destination and bring them back and charge reasonably. But as the tourist inflow increased, lobbies started influencing the prices and due to this, now the jeep drivers are fleecing the tourists with most of them charging exorbitantly.

In most of the trips, tourists are herded into jeeps and they are taken back to the point from where they had been picked up without even giving the tourists a chance to see the beautiful place. The drivers do this as they are in a hurry to pick up more tourists. Several tourists have complained to the District Administration that the jeep drivers charge anywhere between Rs. 800 to Rs. 3,000 per trip and they even demand extra tips.

TRIP TO MANDALAPATTI

• From the Madikeri Bus Stand to Mandalapatti entrance (via Raja Seat, Field Marshal K.M. Cariappa College, Koligoodu and Kaloor)	Rs. 800
• From Mandalapatti entrance to the view point	Rs. 300
• From Madikeri to Abbe Falls, (via Raja Seat and K. Nidugane)	Rs. 400
• From Madikeri Bus Stand to Mandalapatti entrance via Abbe Falls	Rs. 1,000
• From Madikeri Bus Stand to Mandalapatti entrance and view point via Abbe Falls	Rs. 1,100
• From the bus stand till Mandalapatti view point via Raja Seat, K. Nidugane and Abbe Falls	Rs. 1,300

Taking cognisance of the complaints, Kodagu Deputy Commissioner P.I. Sreevidya held a meeting with officials recently where the rates were fixed. Superintendent of Police Rajendra Prasad, Additional DC Satish Kumar Regional Transport Officer N. Balakrishna, Deputy Conservator of Forests M.M. Jaya and other officers were present.

The rules applies to all vehicles that have a capacity to seat 8 persons and all vehicles sporting yellow registration boards must follow the rules.

Tourists are directed to make enquiries with the District Police about the rates and they have been asked not to be misguided by private vehicle operators and their agents.

Arms Act exemption: Bengaluru Kodava Samaja impleads itself in High Court Writ Petition

Madikeri, June 1 (PS&BCT)- Kodava Samaja, Bengaluru has filed an impleading application in the Karnataka High Court against the Writ Petition filed by Captain (Rtd.) Yaladalu K. Chethan who has questioned the exemption to Kodavas and Jamma land holders in Kodagu district from obtaining a license to possess firearms under Section 3 and 4 of the Indian Arms Act, 1959.

The Kodava Samaja, Bengaluru represents all Kodava Samajas and has been authorised by the Federation of Kodava Samajas, Balugodu in Kodagu to initiate a legal battle against the Writ Petition. The Kodava Samaja has filed the impleading application through its legal team.

Yaladalu K. Chethan, son of Yaladalu D. Keshavananda has filed a Writ Petition in the High Court on Jan. 8, 2018 and the Court has posted the hearing after summer vacation.

In his petition, (WP No. 1386/2018), Chethan, a resident of R.T. Nagar in Bengaluru, claimed that the continuation of the exemption, granted to some class of persons by the British Government in pre-Independent India in furtherance of their divide-and-rule policy, was unconstitutional, as it was based on irrational, fictitious and discriminatory grounds, such as race and ancestral land tenure.

He claimed that the exemption granted to Jamma land holders and for the members of Kodava race under Section 3 and 4 of Indian Arms Act differentiates between communities living in a society and promotes disharmony.

The original petition (a Public Interest Litigation) was filed by Chethan in 2015 and the High Court had disposed it and asked the petitioner to submit a representation on his grievance about exemption to the Union Home Ministry. On its part, the Ministry had told the Court that the exemption provided to Kodavas was as per law.

Not stopping at this, Chethan filed another Writ Petition in the High Court, questioning the arms exemption. The Kodava Samaja, Bengaluru in its impleading application, has prayed the Court to make it (Kodava Samaja) a party to the petition.

The impleading application has been signed by Bengaluru Kodava Samaja President Mandeyada Ravi Uthappa. Kalengada Sarojini Muthanna, Ithichanda M. Devaiah, Kangira S. Bheemaiah, Mallengada Gagan Ganapathy, Puliyanda Anu Chengappa, Karavattira T. Pemmaiah, Karnanda Rahul Cariappa, Kalengada M. Madaiah and Mukkatira M. Ashok are legal advisors and are representing Bengaluru Kodava Samaja in the Court.

Special privilege to own firearms: The special privilege to own firearms without license was granted to Kodavas by the British in recognition of their martial traditions. This was continued after independence by a notification issued by the Union govt. in 1963 which exempted "every person of (the) Coorg race and every Jamma land tenure holder in Coorg" from the Indian Arms Act. There was no curb on the privilege even after Coorg, which was a separate State earlier, merged with Karnataka.

A proposal to do away with the privilege under the Arms Act was made way back in 1964 by the Central government. But the move was dropped, apparently at the behest of Field Marshal K.M. Cariappa and the then Union Minister C.M. Poonacha.

In 1993, the Union govt. wanted to withdraw the privilege, but the Karnataka Government informed the Centre that there has been no misuse of the privilege.

Mysuru, June 1- Nine new records tumbled on Day-1 of the Karnataka State Sub-Junior and Junior Aquatic Championships- 2018 conducted by the Mysore District Swimming Association (MDSA) at the University swimming pool here on Thursday.

Srihari Natraj shines

State and National record holder in Group I boys section, Srihari Natraj, set the pool on fire with a sterling performance in boys 100m backstroke event when he created a new meet record with a timing of 57.04s — thus bettering his own National record (57.33s-2017) and State record of 57.85s set in 2017.

Speaking to *SOM,* Srihari Natraj of Swimming Research Centre, Bengaluru, said that he expected to go 1.2s better, but an error prevented him for achieving the feat. He said that his aim is to do well in the forthcoming junior nationals and also perform well in the Asian Games and Youth Olympics.

Rachana sets new record

In the girls Group II breaststroke event, Rachana S. R. Rao of Mangala Swimming Club, Mangaluru, created a new meet record by winning the gold with a timing of 1:15.95s. She erased the previous national mark set by Aaliyah Singh (UP-1:17.76s) in the heats in the morning session with a timing of 1:16.03s and bettered it in the final.

Speaking to *SOM,* Rachana, a 9th standard student of Ramakrishna School, Mangaluru, said "I did not expect to perform so well by creating a National record; good pace set by the competitors in lane three and two helped me increase my speed and emerge victor with a record timing."

Seven other records were broken by Mohit Venkatesh (Group I boys - 1500m Freestyle), Tanish George Mathew (Group I boys - 200m Butterfly), Suvana C. Baskar (Group I girls - 100m backstroke), Nina Venkatesh (Group II - 100m Backstroke), BSRC 'A'- Boys Group II, 4x100m Medley. Dolphin Aquatics and in the Girls Group II 4x100m Medley relay.

Mysuru, June 1 (SBD&KS) - Cattle lifters have stolen three cows which were tied outside the house in V.V. Mohalla on May 24 night or in the wee hours of May 25.

The cows belonged to Chandra, a resident of Valmiki Road 3rd cross in V.V. Mohalla.

Chandra, on May 24 at about 10 pm, tied his cows to the iron grill of the compound of his neighbour Srinivasamurthy and retired for the day. When he woke up at about 3 am the next day and saw outside, he found the cows missing. Thinking that someone may have untied the cows, Chandra launched a search in the surroundings but in vain and later lodged a complaint at V.V. Puram Police Station in this regard.

WORD OF THE DAY

Metanoia

Pronunciation: mɛtəˈnɔɪə/
Meaning: Change in one's way of life resulting from penitence or spiritual conversion.
Origin: Derived from the ancient Greek word "μετάνοια" metanoia is the definition of change. Its most evident association is with the act of changing one's mind. Why not live out a metanoia in your life. Change your mindset for the better, supplement yourself with a positive outlook and see how your life improves drastically.

THE ODD WORD

Croze

A groove at the end of a cask or barrel in which the head is fixed.

PHRASE OF THE DAY

A little knowledge is a dangerous thing

Meaning: A small amount of knowledge can mislead people into thinking that they are more expert than they really are.

Origin: 'A little knowledge is a dangerous thing' and 'a little learning is a dangerous thing' have been used synonymously since the 18th century. The 'little learning' version is widely attributed to Alexander Pope (1688 - 1744). It is found in his An Essay on Criticism, 1709 and we can find no earlier example of the expression in print:

A little learning is a dangerous thing;
drink deep, or taste not the Pierian spring:
there shallow draughts intoxicate the brain,
and drinking largely sobers us again.

The similarity of the two phrases is demonstrated by what appears to be an impromptu coining of 'a little knowledge is a dangerous thing' in a piece in The monthly miscellany; or Gentleman and Lady's Complete Magazine, Vol II, 1774, in which the writer misquoted Pope: Mr. Pope says, very truly, "A little knowledge is a dangerous thing."
